When will I find out if I'm approved?

Once we receive your completed application, we will make an enrollment decision within two to five business days. Both you and your provider will receive a letter notifying you if you are enrolled or denied.

How do I receive my medication?

Your provider will determine whether your medication should be shipped directly to you, or if you will obtain your medication from your provider. If the medication is being shipped to you, a Foundation agent will contact you to confirm your shipping address and schedule your shipment.
